SEVEN HUNDRED OVENS FIRED; WORK GIVEN TO UNEMPLOYED.

Frick Coke Company's Placing so Many in Operation Indication of Trade Improvement.

BELIEVED PRICES WILL ADVANCE

Railroads Also Show Heavy Increase in Traffic Which is Expected to Grow Stronger—Business Tone in Connellville is Better and Business Trade is Opening.

An improvement in the coke business is noted this week by the firing of about 700 additional ovens by the H. C. Frick Coke Company. The firing of this number of ovens will mean an increase in weekly tonnage of upwards of 10,000 tons, and give work to many unemployed, including not only coke workers but railroad men, and incidentally work at the furnaces for more men. Since the reduction of the number of active ovens in the Connellville and Lower Connellville regions several months ago there has been a slow tendency to improve, the number of ovens first being kept up on a four-day run, then a five-day run, and during the past few weeks on a full six-day run. The adding of 700 new ovens is proof, conclusive that there is a betterment in the trade as for the past two months the Frick company has not been stockpiling any of its coke, and has been purchasing at lot prices from independent operators who were compelled to sell on a close margin in order to make the interest on their investments. It is believed that prices will now advance. Some coke has recently been sold at \$1.50 on short time contract, but it is hard to secure a large quantity at this price.

Freight Traffic Increases.
The freight traffic on the railroads during the past week has also shown a marked improvement, and Sunday and yesterday the Baltimore & Ohio railroad had the largest movement of freight that has been recorded for some time. The freight is decidedly happy over the better prospects that have developed during the past week. Some men were called to work to haul trains last Sunday who have been laying off for weeks. The accumulation of freight in the yards this week is large and it is believed that the week's end will see another heavy movement of freight east over the Baltimore & Ohio. Shipments of live stock for export have also been heavy for the past week, which has added to the work of trainmen running out of Connellville.

The general impression of business men is that there is a better tone to business, and that there will be another boom this year. The summer trade in the stores is opening up and there are some very good sales in summer goods being made.

CLOSED ALLEY TO UNLOAD CIRCUS.

Arrangements Are Made With Burgess, So Railroad Officials to Train at Fayette St.

Pennsylvania officials at Youngwood were here this morning to make arrangements for the unloading of the Wallace shows next Tuesday. The show will arrive over the Southwest branch of the road and permission was sought of Burgess A. D. Seison to unload the aggregation at Fayette street. The railroad officials agreed to keep Peach Street open and also Fayette street, but desired to close North alley for a few hours while the shows were loaded and unloaded.

Business men who use North alley readily agreed to this arrangement and the show will be loaded and unloaded from this point. The wagons will be taken via Fayette street to the baseball park.

B. & O. MEN TO GET THEIR PAY FRIDAY.

Amounts Will Be in Excess of That Received By Employees Last Month.

Friday, May 15, is the day set for Baltimore & Ohio pay day this month and there are hundreds of anxious men waiting for the all important day to roll around. The pay this month will be slightly in excess of that of last month as better time has been made by the trainmen, and a number who were dropped from the payroll have got back for several days during the month.

It is generally believed that next month will be the best pay since last December.

KILLED BY BROTHER-IN-LAW.

Says His Fatally Shooting Shot Was Accidental.

WASHINGTON, Pa., May 12.—In a family quarrel in East Waynesburg last evening, Tony Short, a fireman employed by the South Penn Telephone & Telegraph Company, was shot and instantly killed. His brother-in-law, William McClelland, who is charged with the shooting, gave himself up, the Sheriff taking him to jail.

Short a few months ago married Miss Anna McClelland, daughter of Mr. and Mrs. C. S. McClelland, and the young couple lived with the McClelland family in East Waynesburg. McClelland refused to make any statement except that the shooting was accidental.

THIEVES LIFT BURGLAR ALARM.

Had No Terrors for Robbers Who Looted House and Was Taken With Other Plunder.

C. E. Graham, assistant to Claim Agent T. B. Donnelly of the West Penn Railways Company, is convinced that Connellville has the worst gang of robbers that he has ever heard of. Several weeks ago he rented a house at the corner of Green and Vine streets, from the First National Bank, intending to remove his family here. He has made several trips to the building from time to time to see that everything was all right. But last night when he went out he found everything all wrong. During his absence robbers entered the house and stole the three large chandeliers from the ceiling, took out all the wiring, the switches and the burglar alarm system, and carried off the burglar alarm annunciator.

Mr. Graham says that a very neat job was not performed, as the brackets were torn from the walls and a large portion of the plastering torn down in doing so.

How the robbers entered the house could not be definitely decided as there were no evidences of them having broken in, and it is believed that workmen about the building, after completing their work, left the front door open and the robbers walked into the building.

Mr. Graham will leave for Philadelphia tonight and make arrangements for his family to remove to Connellville within the next ten days.

FROST WAS DRY; CROPS STILL SAFE.

Little Damage Done By Cold—Fruit Now Thought to Be Beyond Damage.

Farmers and fruit growers generally state that the frost Saturday night did but little damage to the fruit or grain crops. Some places vines were nipped by the frost, but as it is predicted that this year will witness the largest crop of cherries ever heard of in this locality. This fruit is now entirely out of danger, unless such a frost as that which was suffered June 11, 1899 should spread over the country. It is claimed for other fruits that the leaves are now of sufficient size to protect the blossoms and that a frost unless it was an unusually severe one would not entirely kill the various fruits.

Rye has hardly reached its first joint and is safe. Wheat has been growing very rapidly and considering the open winter, free from snow lying upon the fields for a great length of time it is far advanced.

Every indication points to the Fourth of July being a busy harvest season this year, as much wheat and oats have been planted throughout the county.

COURT AGREES TO SETTLEMENT.

No Suits for Damage Against Directors of Waynesburg Bank—To Prosecute Cashier.

A settlement has been reached between Receiver J. H. Strawn of the defunct Farmers & Drivers National Bank of Waynesburg and the directors of the institution in the matter of charges that negligence of the board contributed considerably to the failure. Terms of this agreement have just been approved by the United States Circuit Court. The agreement precludes the bringing of any suits for damages against the directors.

By the terms of the settlement the directors pay to the receiver an aggregate of from \$125,000 to \$150,000 in addition to the double liability assessments on their stock. They have also agreed, in some instances, to surrender their claims against the bank or the receiver in the matter of deposits or other interests.

It had been represented to the Comptroller of the Currency that the terms as mentioned above were about the best that could be made, and he consented to the settlement.

It had been alleged by the receiver that after unsatisfactory methods had been charged against J. F. B. Rinehart and his dismissal as cashier was ordered, he was elected Vice President of the bank and retained as one of its active officials. This was one of the features of the alleged negligence on the part of the directors.

United States District Attorney John W. Dunkle stated that he has been anxiously awaiting to begin proceedings, but was unable to do so, owing to a lack of necessary evidence which was to have been secured by Bank Examiner Charles Starock, who was appointed a special examiner in the case.

Mr. Starock was taken off the Waynesburg bank case before he had completed his work there, said Mr. Dunkle, "and was transferred to New York, where he has been engaged for several months, and of course, everything came to a standstill."

"Now, however, we are going to insist that he at once be placed back on his uncompleted work at the Farmers & Drivers Bank, and we hope that the evidence will soon be in our hands. We had hoped to take up the case during the present term of court, but it is likely that now it will have to go over until the October term."

"It does not matter to us, however, if the directors make up the deficit or not. The indictment against Rinehart still holds."

THREATS SENT TO JURYMAN.

Foreman Receives Bloodcurdling Message, Which His Friends Regard as a Joke.

WASHINGTON, Jan. 12.—Samuel J. McKim, foreman of the Grand Jury now in session, received through the mail a threatening postal card mailed at Charleroi and bearing as signature a skull and crossbones. Its contents relate to the indictment of three California young men on a charge of keeping a gambling house.

The message on the card received by Workman states that the Grand Jury has already put itself in a hole and cannot escape with honor; that the whole bunch will be burned or blown up.

The prosecutor is Charles W. Price of California. Last week while attending court Price received two similar messages threatening his home by fire. The promise was made that Saturday night, when the Price home was fired by unknown persons. The fire was extinguished before it did serious damage. Some members of the Grand Jury are inclined to treat the matter as a joke.

Rings May Prove Identity.

LA PORTE, Ind., May 12.—(Special.)—Coroner's Physician J. H. P. Meyers during the second examination today of the body of the woman taken from the ruins of the Gunness home, found three rings on the hand found with the body. One was a plain gold ring and the others were diamond rings. The gold ring had the inscription "H. G. to J. S. August 22, '04" and is believed to stand for Mrs. Gunness' second husband. The discovery is believed to remove most doubt that Mrs. Gunness perished in the fire.

LIBRARY ROUNDS OUT FIFTH YEAR.

Carnegie Free Institute Shows Marked Increase in Volumes and Attendance.

INTEREST INCREASES STEADILY

More Than 800 Books Added During Year, Many of Which Were Donations—Story Hour for Children Draws Many To Building.

In the report of the Carnegie Free Library for the fifth year the number of volumes received, the attendance of volunteers, the attendance of the general interest displayed shows a marked increase over the former years and points to the coming year as one which will develop even more interest than the one just passed. There have been many volumes added to the library and the report is encouraging to the directors and the city at large.

The fifth annual report shows a circulation of 37,270 books during the year. Of this number 14,777 were juveniles. Eight hundred and thirty-eight books were added, making a total of 6,404 accessions. Sixty-two of these were gifts, 121 were bound periodicals, 48 in addition to the bound ones were reference books. Registrations, 559. Some of the statistics kept since January are as follows:

Accessions circulation 340

Reference room attendance 1,731
Periodical room attendance 1,523
Books read 1,252

HAYWOOD WILL NOT BE A CANDIDATE.

Gives Reasons Why He Does Not Wish Presidential Honor at Socialist Convention.

UNITED PRESS TELEGRAM, CHICAGO, May 12.—"Because many of my personal friends have felt that I should not permit my name to go before the Socialist National Convention for endorsement as its Presidential candidate, and because at this time delegates assembled are considering their action when nominations are declared in order, I feel that it is best to make a statement through the medium of the United Press Association so that it will reach all my comrades throughout the United States," said William D. Haywood this morning.

"First, I am not a candidate. I realize it is the highest honor of any man's life to be chosen by his fellows as a standard bearer, and any honors that my comrades in the movement might confer on me would naturally be appreciated, but I feel that at present I can best serve my co-workers by well and above everything else my cause by working as a private. No matter who may be nominated, and we have an abundance of excellent timber, I desire nothing better than to devote every effort of mine, advocating both our principles and candidates, and to be able to do so without personal equation. For what my comrades have done for me in the past I am grateful. Their loyal, honest fellowship has greatly aided me when I needed aid. Because of this, and because I am convinced I can do more good for the cause if not a candidate, and indefinitely never was a candidate, I have asked my friends to cease their efforts to force my nomination. I will do all in my power to help the cause, and will speak in every State in the Union between now and November in favor of our ticket and our principles."

To Take Up Capital Case.

HARRISBURG, May 12.—(Special.) It is expected that the second capital conspiracy case will be well on the way before the day is over. The civil suit, which caused its postponement, closed this morning and Judge Kunkel took up the conspiracy case. A jury will likely be secured this afternoon.

Skating Rink for Ohiopyle.

OHIOPYLE, Pa., May 12.—This town will soon be enjoying the privileges of a skating rink. In a few days the skating rink will be completed and will be opened. The event is being awaited with much interest.

LADIES GET SEATS FREE AT BALL GAME.

Will Be Admitted to Grandstand Without Charge—Thursday Fixed as Ladies' Day.

A meeting of the directors of the Connellville Baseball Association was held last night and it was decided that the ladies should hereafter be admitted to the grandstand at all ball games free of charge. It has been customary to charge 15 cents for the ladies. This concession will be in addition to ladies being admitted free of charge to the grounds and the grandstand on ladies' day, which will be observed every Thursday that the team plays at home.

The directors at their meeting last night also decided to prevail upon the Wallace circus people to refrain from cutting up the diamond when they give their performance here next Tuesday. The agreement with the circus owners is that games are to be cancelled on days when amusement enterprises take the park and as a game is scheduled between Charlestown and Connellville next Tuesday it will be impossible to play. It was thought that the game might be transferred to Scottsdale grounds, but many of the Scottsdale people will be here on that day it was not deemed advisable, and an effort will be made to have not only Tuesday's game, but Wednesday's game transferred to Charlestown, as it is feared the grounds will not be in good condition the day after the show.

Now Men Coming.

Next Saturday is pay day for the local team, and the directors, with all the bad luck that they have suffered, will be able to pay their men off. Manager Montgomery is preparing to load his team up with some swift men sent him by Marty Hogan, and by the latter part of the week expects seven new men. The Sharon team had under contract 50 men, and the O. & P. teams will have a wedding on this week. The local backers of baseball expect to secure some very strong players from these aggregations.

The game between Uniontown and Connellville on the home grounds on Saturday promises to bring out an immense crowd, and the directors expect to have 1,500 paid admissions. This will be the first clash of the season with Uniontown and the local capitalists expect the town boys to put up the stiffest battle they ever did. The directors also are very much in earnest and are doing everything in their power to send the County Capital boys back home with a banner of defeat.

RECEPTION OF CULTURE CLUB.

Fifth Annual Function Will Take Place at Marietta Hotel on Saturday of Next Week.

Largely attended was the last business meeting of the Women's Culture Club for the year, held last evening in the club room of the Carnegie Free Library. Mrs. W. O. Schoonover, the President of the Club, presided, and the meeting was one of the most enjoyable and interesting ones of the year. During the earlier part of the evening routine business was taken up and disposed of. Arrangements were made to hold the fifth annual reception of the club Saturday afternoon, May 23, in the parlors of the Hotel Marietta. The hours are from 2 until 5 o'clock. The Social Committee is composed of Mrs. W. N. Leech, Chairman; Mrs. Jacob Goldsmith and Miss Ida Wolfe. Mrs. Williams is Chairman of the Musical Committee. Elaborate preparations are being made by the ladies in charge, and a most enjoyable gathering is looked forward to.

At the conclusion of the business session a most interesting miscellaneous program was carried out. Mrs. Sleeman of Vanderbilt was leader of the program. Mrs. J. M. Young read a very instructive paper on "Why the French Republic is Strong," and Miss Mary Briskman read a paper on "Rousseau and French Education." One of the most entertaining features of the evening was a paper on "The Best Literary Productions of the Year," by Mrs. W. O. Schoonover. Among the literary productions of the year spoken of and commended by Mrs. Schoonover were: History, two volumes of the "Cambridge Modern History," Hart's "American Nation,"

COAL DEAL ANNULLED BY COURT AND MONEY RETURNED.

J. A. Stauffer's Deal for Property Near Scottsdale Was Not a Success With Butz & Bosseman.

WANT NEW VOTING PRECINCT

Connellville Township Residents of Near Moyer Want Three Districts. Divorcee Are Granted Several Parties Who Have Lived Unhappily.

UNIONTOWN, May 12.—A brief but busy session of court was held this morning. In the equity proceedings of S. D. Butz and S. E. Bosseman of Pittsburgh against J. A. Stauffer of Scottsdale, relief was granted by the court and an order directed on the defendant, requiring him to return the deed in the case to the plaintiffs and pay back to them \$1,300 and a cancelled note for \$500.

The action was the result of a coal deal made in 1905. The plaintiffs alleged that they entered into a deal with Stauffer, who advertised a valuable piece of coal land at \$6,000 in the Greensburg papers, that he was willing to sell for \$3,000. The plaintiffs entered into negotiations and purchased the property for \$2,500, paying \$1,900 in cash and giving a note for \$600.

It was represented that the tract contained 11 acres and that there were between five and seven acres of solid coal in two large blocks. The defendants entered upon the tract and alleged that they only found ribs and stumps in the mine and that it was practically worthless and for this they entered an action for relief and release from their bargain. Many hearings and much testimony was taken before the disposition of it by the court today.

TO SHOWER FLOWERS ON SOLDIERS' GRAVES.

Grand Army of the Republic Will Decorate Mounds of Fallen Comrades. Ranks Are Growing Slim.

With less than three weeks remaining until Memorial Day, members of the Grand Army of the Republic are again preparing for the occasion when they will march to the cemeteries and decorate the graves of their dead with flowers and flags. Each year finds a greater number of graves and a smaller number of marchers. It will be but a short time before the last of the greatest army the world has ever known will have passed away.

Although their steps falter and their eyes are dim, when they see the tattered battle flags and hear the sniveling music of the band, these hardy old veterans straighten their backs and march with the semblance of the swing of nearly 45 years ago. For many of the old soldiers the march will be the last they will ever take, but displaying the same courage which stood them in such good stead in the days of '63, they will make their last march a triumphant one.

At Chestnut Hill, St. Joseph's and Hill Grove cemeteries the graves of the veterans will be decorated with

flags and flowers, "taps" will be sounded and the veterans will march back to their headquarters. The route of the parade of necessity will be a short one. The weight of years is telling upon the veterans, and their route for this reason will be abbreviated.

In addition to the G. A. R., the Philippine veterans will also be in line. They have been invited by the Grand Army men to take part in the parade. These latter day veterans will soon take the place of the men who fought at Missionary Ridge, Bull Run and Gettysburg, and as though preparing them for the days to come when they are all gone, the Grand Army is taking them into the procession.

The Philippine veterans will, in the Memorial Day parade, act more in the capacity of an escort or as guests. They will be under the instructions of the Grand Army commandant.

REAL VAUDEVILLE A SUCCESS

The Season Packed to the Doors to See Good Show.

The Solson Theatre presented a vaudeville performance last night that was a revelation to the patrons of that popular playhouse. May Smith Robbins, the little Irish comedienne, was heartily greeted by her many friends and delighted them with her rendition of her old time Irish songs and dances. James R. Waite and Company present a playlet on the order of "Shore Acres" that is an immense hit. It is appropriately mounted with special scenic and electrical effects and is full of human interest and genteel comedy. The French acrobats, "Les Saloures Albertes," are artists par excellence and present a gymnastic act that is thoroughly enjoyed and appreciated. Melville and Conway, as the "Glow and the Lady," are clever entertainers and have a pleasing act. The moving pictures are particularly good this week.

Arcade Has Good Show.

The bill of headlines at the Arcade this week is one of excellence, each sketch being a whole show in itself. The Arcadesgraph introduces the performance with up to the moment motion pictures.

The famous Cassells in their mystifying act in great mind reading work presents Viola, the occult wonder.

Their difficult feats performed in feeding the thoughts of those in the audience is one of the best acts in vaudeville.

Hushah, the champion bowling and whirling Dervish from Asia Minor, presents sensational features. His gesturing, mountain, fancy stick and sword fighting with his partner arousing his audience to a pitch of much enthusiasm. Hushah makes claim that he can whirl from 30 minutes to three hours and challenges any one to a contest at this. During the whirling he uses the sword and symbol, placing the sword in his mouth, nose and eyes in all parts of the body during his performance.

The Brand Sisters are entertaining in their pleasing sketch, which consists principally of singing and dancing. The curtain falls after a second exhibition of moving pictures. The theatre loving public will be amply repaid by a visit to the Arcade this week.

POLAR BEAR ACTIONS.

The Carl Hagenbeck and Great Wallace Arctic Monsters in Amusing Antics.

The Carl Hagenbeck and Great Wallace Circus presents more donkeys of frozen wastes than ever Arctic explorer looked upon at one time. Gathered in a great steel barred arena with a single intrepid trainer, they respond to his every wish and suggestion with intelligence so near human that it passes understanding. Forming monumental pyramids and arches with a mere man at the top; harnessed to go-carts and driven by their trainers; balancing on and rolling big globes; playing at saws; riding bicycles; eating at table with great decorum; interpreting an amusing playlet by pantomime; simulating intoxication in an uproarious manner and accomplishing other incredible stunts. The biggest of the bears and the trainer engage in a fearful struggle for athletic supremacy. Brute strength is pitted against science and skill in a contest governed by Graco-Roman wrestling rules. The meetings of human champions become as children's play in contrast with this thrilling contest of man and beast.

Another of Carl Hagenbeck's and Great Wallace's triumphs is the bringing together of enemies of the

field, forest and frozen strand, and making them fast and abiding friends, introducing them in conjunctive performances that are astonishing beyond the power of words to depict.

A scene of African lions and lionesses, royal Bengal tigers and tigresses, pumas, leopards, polar bears and bear hounds, assembled at one time in the steel enclosure, conjointly doing the bidding of a single fearless man.

The Carl Hagenbeck and Great Wallace Shows Combined will exhibit at Connelville on Tuesday, May 13.

OBSTRUCTED THE TRACK.

Design to Derail the Flyer on the Panhandle Railroad.

WASHINGTON, Pa., May 11.—An attempt was made Saturday night to wreck the eastbound flyer from St. Louis to Pittsburgh on the Panhandle railroad at Laurel Hill, near McDona. The ditching of a switching engine, which happened to pass before the arrival of the flyer, probably saved the latter from disaster, as the train wreckers had done their work so thoroughly that railroad men say the fast train would have been piled in a heap by the obstruction.

A place of rail had been placed across the track and firmly wedged in place by pit posts and beer keg staves. A wrecking crew quickly replaced the ditched engine on the track.

SINCERE THANKS.

If You Have Catarrh, Asthma or Bronchitis, Read What Thankful People Say About Hyomel.

Mrs. M. A. Drake, Ulster, N. Y., writes: "I could not speak above a whisper. I inhaled Hyomel and it gave me instant relief. Hyomel will cure catarrh and bronchitis if used as directed."

Lodwick Edwards, 1323 Madison ave., Columbus, O., writes: "I will let you know what your Hyomel inhaler did for me. It cured me of my bronchitis all right. I feel very thankful to you for your valuable medicine."

Mrs. Bertha Weekly, Pleasantville, Pa., writes: "I want you to know I used your Hyomel for hay fever with good results, having suffered with it for many years, and this is the first thing I have ever found that gave me any relief."

Hyomel will cure catarrh, bronchitis, hay fever, asthma, coughs or colds, and A. A. Clarke will give you your money back if it don't. It is a pleasant remedy, and gives relief instantly. Just breathe it in through the pocket inhaler that comes with every \$1.00 outfit. Extra bottles for subsequent treatment are only 50 cents.

AGREED UPON A BILL.

House Republicans Decide to Put Through Financial Measure.

SHERMAN'S EYESIGHT IS POOR

Fails to Recognize Representative Overstreet When Latter Tries to Offer a Resolution and Rumpus Ensues—Caucus Not Unanimous.

Washington, May 12.—By a vote of 138 to 16 the Republican members of the house of representatives last night agreed to an emergency currency bill drawn by the special committee appointed by the same conference last week and consisting of Representatives Vreeland, New York; Burton, Ohio; Weeks, Massachusetts; McKinney, Illinois; and Knowland, California. By an equally decisive vote the conference placed in the hands of the Republican members of the committee on rules the determination of the procedure by which the bill of the majority thus expressed shall be carried into effect in the house. A resolution to request the banking and currency committee to bring in a report on the Aldrich bill in order to give the house a parliamentary basis for the substitution of the conference committee bill was defeated.

The rules committee has a choice of methods for putting the conference bill through the house. The committee can bring in a rule discharging the banking and currency committee from further consideration of the Aldrich bill or the Fowler currency commission bill or the Williams currency bill. Either one of these measures will then be before the house for action and the procedure would be to strike out all after the existing clause and use a one-sentence order substitute the new bill.

One Unpleasant Incident. Last night's conference lasted from shortly after 8 o'clock until midnight, and its close was marked by a sharp dispute which for a moment or two threatened to develop into a riot. Immediately after the vote which adopted the conference bill Mr. Overstreet of Indiana rose to offer a resolution of confidence in the good faith of the committee which drafted the measure. There was considerable confusion at the time and the speaker's effort to regain recognition at the hands of Chairman Sherman failed. The conference was then declared adjourned and broke up. Mr. Overstreet confronted Mr. Sherman and demanded to know why he had not been recognized. Mr. Sherman replied that he had not seen him and apologized. Mr. Overstreet seemed unwilling to let the incident go at that and pursued his protest. Speaker Cannon hurried out into the lobby and called loudly to departing members to come back, his idea being to reassemble the conference for a moment and give Mr. Overstreet a chance to put his resolution, he having declared that early in the evening Mr. Sherman had promised to recognize him at the proper moment. Mr. Sherman objected to any further dalliance with the incident and expressed himself in vigorous terms. Other members sided with him and after a little more spirited talk the incident was closed.

What the Bill Provides. The bill provides for an issue of emergency currency not to exceed \$500,000,000 obtainable for circulation through the national clearing house associations scheme. The bill was adopted in exactly the form as presented by the conference committee with the exception of two minor amendments.

Among those who voted against the bill were Representatives Cooper of Wisconsin, Brumm of Pennsylvania, Nicholas of Michigan, Yerdock of Kansas, Daragh of Michigan, Campbell of Kansas, Cushman of Washington, Wadsworth of New York, Kennedy and Keller of Ohio and Fowler of New Jersey. Representatives Prince of Illinois and Hanlon of California quit the conference before the vote was taken.

MILLION FOR FORESTS

Senate Increases Appropriation For Pinchot's Department.

Washington, May 12.—The senate passed the agricultural appropriation bill, carrying an appropriation aggregating \$12,142,198. For building roads and making other permanent improvements in the national forest \$1,000,000 instead of \$500,000, as provided by the house of representatives, was appropriated, giving one-half the amount asked by the chief forester. The bill provides that 25 per cent. of the income from the national forests shall be paid to the states in which they are located; this money to be expended for road and school improvements in the counties in which the reserves are situated. An amendment prohibiting expenditures for the publication of any article in relation to the forestry service, but it is stipulated that this shall not prevent the service giving out information on any subject of public interest.

The house devoted its time to the consideration of miscellaneous business. A bill authorizing the appointment, as an addition to the regular military establishment of fifty captains to command the Philippine scouts, also was passed. Senator Rayner introduced a resolution "authorizing the president to convene a court of inquiry" to consist of five officers of the army to investigate charges and accusations against

Colonel William F. Stewart of the army, who has been detailed to serve until retirement at the abandoned military post of Fort Grant, Ariz. Mr. Rayner spoke today on the resolution and gave notice that he expected the senate to take action at this time. The house accepted the senate amendments to the bill prohibiting racetrack gambling in the District of Columbia and thus finally passed it.

Strikers Fight Constables. Owen Sound, Ont., May 12.—In a pitched battle at the Canadian Pacific railway shops between striking longshoremen and a detachment of constables from Toronto three men were shot and two badly clubbed. One of the latter, Samuel Wright, had his skull fractured and is in a serious condition. A call has been sent to Toronto for assistance from the regulars and 100 men are expected if a compromise is reached at this time. The mayor read the riot act before the crowd would disperse. Later a settlement was reached on a basis of 15 cents and 16 cents an hour for overtime.

STORMS SLAY EIGHT.

Series of Twisters Causes Sorrow and Damage in Oklahoma.

WIND PERFORMS ODD TRICKS

Drives Plank Through Horse, Takes Hound From Over Heads of Social Gathering and Wrecks Dogout by Tossing Horse on its Roof.

Woodward, Okla., May 12.—At least eight persons were killed and scores of others injured in the several tornadoes in Northwestern Oklahoma. The dead are: J. E. Hale, Little Robe, Ellis county; Mrs. J. E. Hale, Little Robe, Ellis county; two unknown persons, Arnett, Ellis county; Dr. J. Woodward, Woodward county; Arthur Silver, Woodward county; William E. Eddle, Major county; Mrs. Young, Sealing, Dewey county.

Telephone communication is out of from the storm area and the only other means of getting information is by stage. The nearest point to Woodward that the storm struck is at Walnut, five miles away. The most distant is Little Robe, in Ellis county, which is fully fifty-five miles southwest of this place. The disaster seems to have consisted of a succession of tornadoes occurring between 5 o'clock a. m. and 1 o'clock p. m. They appeared first in the western part of the devastated district and moved toward the east.

The most serious results were in the vicinity of Arnett, where thirty persons are believed to have suffered broken limbs. Nearly all of these victims are residents of farms. The only town known to have been destroyed is Little Robe, in the southern part of Woodward county, where it is said there was not a house left standing. Postmaster E. A. Speck has asked that a postoffice inspector be sent to report on this office, which was demolished.

Thrilling incidents are related by all who have received any information from the storm center. Mr. Hale of Little Robe was one of the most prominent cattlemen in his county. Dr. Woodward at Arnett was taking refuge in a dugout when he was killed. A horse was lifted by the wind and dashed through the top of the dugout, burying the victim beneath the entire earth roof of the dugout and the weight of the animal's body.

A horse belonging to Mr. Silver of Mutual was killed when a piece of 2 by 4 lumber was driven through its body.

At Mutual fifteen young persons had gathered for an evening social. The storm lifted the house off the floor on which they were seated, leaving the floor and the young people unharmed. O. E. Null and daughter of near Arnett were overtaken by the storm while driving. They took refuge in a hollow tree. Their horses were killed when a nearby tree fell.

Reports from the vicinity of Vici state that hail did much damage to property, crops and cattle. Hailstones measuring 12 to 18 inches in circumference are said to have fallen.

METHODIST MERGER.

General Conference Also Asked to Quiz Presidential Candidates on Liquor.

BALTIMORE, Md., May 12.—Inviting the Methodist Protestant church to consolidate with its own, urging Christians to insist on a total abstinence for President of the United States, denouncing race track gambling and calling upon the people of New York to support Governor Hughes in his crusade against that evil, inviting President Roosevelt and Ambassador Bryce to be present when the fraternal delegates of the British Methodist church are received, setting Wednesday, May 20, as the day for taking up the question of the election of new bishops, discussing the question of bishop's assignments and considering various other things, the General Conference of the Methodist Episcopal church finished a busy session at the Lyric yesterday. Bishop M. C. Harris of Japan and Korea made his report, in which he told of the growth and needs of the Methodist Episcopal church in those countries.

The Committee on Episcopacy was instructed to report not later than May 20 the number of bishops to be elected. That Rev. Dr. William F. The Heart Can't Stand Rheumatic Acid Poisoning

To Free and Correct the Blood a Urin-O Treatment is Advised

There is great danger in those sharp, shooting pains through the chest around the region of the heart. It means that poisonous uric and rheumatic acid are there ready to spring and grip tightly the muscles controlling the heart's action. Don't neglect these warnings, they are the danger signals Nature dashes to your relief. You must neutralize and drive these dangerous poisons from the system, or sooner or later they will overcome you.

The only true way to cure Rheumatism is to get rid of the uric acid. Urin-O. It acts with marvelous swiftness upon the muscles, kidneys and blood. Clears out the sand-like deposits in the muscles, forces the kidneys to perform their duties for which they were designed and neutralizes the acid within the blood.

Your physician will admit that this is the only true way to cure Rheumatism permanently, and should know that Urin-O is the one remedy that will do this successfully and permanently. Urin-O is a liquid taken internally, a time daily, and does not contain any morphia, opium or other so-called "pain destroyers." It is good for Rheumatism in any form. Gout, Sciatica, Muscular, Inflammatory and Articular Rheumatism all yield readily to Urin-O. Write the makers of the remedy and they will tell you of many wonderful cures that Urin-O has made right here in your own town.

It sells for 75c and \$1.00 the bottle or you can obtain a trial bottle free by writing to The Smith Drug Co., 14 Smith Bldg., Syracuse, N. Y.

Urin-O is sold and personally recommended in Connellsville by GRAHAM & CO.
